

THE QUALITY OF  
OUR WINE IS A  
REFLECTION OF  
OUR FARM, OUR  
VINEYARD AND  
THE REGION

## ABOUT US

**Ryan William Vineyard is a family-owned winery located on the eastern shore of Seneca Lake in the Finger Lakes.** Originally founded by Ryan, for almost twenty years we have dedicated ourselves to our farm, our vines and our crops. Our guiding principle has always been to preserve the sanctity of our site which means adhering to the strictest viticultural practices and the insistence upon vine balance ensuring the highest quality grapes.

**Handcrafted and locally minded in our approach, all of our wines are 100% Estate Grown and Bottled.** Every grape that has ever been used in the making of our wine has come from our vineyard. Our commitment to 100% Estate grown grapes is a reflection of our belief that wine should express its varietal, vintage, region and soil in which it is grown.

**Our tasting room, known as The Tasting Barn, is located on the Seneca Lake Wine Trail in the village of Burdett, just minutes from Watkins Glen.** One of the Finger Lake's most beautiful destinations, guests are warmly received in the charming and historically restored Canted Queen Post Barn originally built between 1865 and 1870. It is both the tasting room for Ryan William Vineyard and the home to a café run by Ryan's wife Samira focusing on food and wine pairings and sustainably sourcing many of its ingredients from the animals raised and produce grown on the pastures and fields of the 76 acre farm upon which the Barn sits.

100% ESTATE GROWN SINCE DAY ONE
